

International Advisory Committee

Prof. S. M. Sameer, INDIA
Prof. Takako Hashimoto, JAPAN
Prof. Lance Fung, AUSTRALIA
Mr. Deepak Mathur, INDIA
Prof. Akinori Nishihara, JAPAN
Prof. Toshio Fukuda, JAPAN
Prof. Nirmal Nair, NEW ZEALAND
Prof. Michel Ong, SINGAPORE

Honorary Chair

Prof. Thrishantha Nanayakkara
Imperial College London, UK

Symposium Chair

Prof. Roshan G Ragel
University of Peradeniya, SRI LANKA

Symposium Vice Chairs

Prof. S. Vasanthapriyan
University of Sabaragamuwa, SRI LANKA

Prof. Amirthalingam Ramanan
University of Jaffna, SRI LANKA

Technical Program Chair

Senior Prof. Ruwan Gopura
University of Moratuwa, SRI LANKA

Technical Program Co-Chair

Dr. Pubudu Ranaweera
University of Moratuwa, SRI LANKA

Tutorial Chair

Dr. Samiru Gayan
University of Moratuwa, SRI LANKA

Tutorial Co-Chairs

Dr. Sureka Thiruchittampalam
University of Moratuwa, SRI LANKA

Dr. Thilini Mahanama
University of Kelaniya, SRI LANKA

Publications Chair

Dr. Chamira Edussooriya
University of Moratuwa, SRI LANKA

Finance Chair

Mr. Kavinga Upul Ekanayake
Accelr, SRI LANKA

Awards / Travel Grants Chair

Dr. K. Pubudu N. Jayasena
Technical University Dresden, GERMANY

Special Sessions Chair

Prof. Buddhika Jayasekara
University of Moratuwa, SRI LANKA

Registration Chair

Dr. Swarnalatha Radhakrishnan
University of Peradeniya, SRI LANKA

Exhibitions and Patronage Chair

Dr. Namal Bandaranayake
Faculty of Engineering
University of Peradeniya, SRI LANKA

Local Arrangement Chair

Dr. Pramila Gamage
University of Peradeniya, SRI LANKA

IEEE R10 TENSYP 2027

12–14 May 2027 at the Faculty of Engineering, University of Peradeniya, Sri Lanka

Web : <https://tensymp27.ieee.lk/>

CALL FOR TUTORIALS

Theme - Connected Intelligence for Resilient Societies

IEEE TENSYP 2027 invites high-quality, practice-oriented tutorial proposals on emerging technologies aligned with the symposium theme, covering foundations, recent advances, open challenges, tools, standards, and deployment pathways for intelligent connected systems that strengthen societal resilience. Proposals are welcome from researchers, practitioners, standardization experts, industry innovators, and cross-disciplinary teams, for audiences ranging from researchers and engineers to policy-oriented participants and postgraduate students.

Tutorial Program

Six tutorials are planned for the first week of May 2027, with:

- 4 Online Tutorials
- 2 In-Person Tutorials
- Half-day: 3 hours
- Full-day: 6 hours

Half-day tutorials should provide a focused deep dive with clear outcomes, examples, and demonstrations. Full-day tutorials may cover foundations, advanced methods, case studies, hands-on components, and open challenges. Online tutorials should support live interaction and demonstrations, while in-person tutorials may include demonstrations, group exercises, and networking.

Topics of Interest

- **Connected AI & Intelligent Decision Systems**
AI/ML, data intelligence, generative and agentic AI, trustworthy and explainable AI, edge/federated/privacy-preserving learning, AI for social good and climate adaptation.
- **Future Connectivity & Networked Intelligence**
5G-Advanced, 6G, satellite and non-terrestrial networks, IoT, cyber-physical systems, digital twins, semantic communications, O-RAN and AI-native networking.
- **Resilient Cyber-Physical Infrastructure**
Smart cities, intelligent transportation, robotics, autonomous systems, smart grids, environmental sensing, disaster monitoring and infrastructure resilience.
- **Security, Privacy, Safety & Governance**
Cybersecurity, critical-infrastructure protection, privacy, data governance, AI safety, trusted sensing, resilient computing, standards, policy, ethics and digital trust.
- **Technology for Health, Humanity & Education**
Digital health, telemedicine, wearable sensing, assistive and humanitarian technologies, technology-enhanced learning, smart agriculture, public services, community resilience and entrepreneurship.

Tutorial Proposal

Submit a single PDF of up to 5 pages.

The proposal should include:

- Title, preferred format, delivery mode and duration
- Abstract, motivation, objectives and learning outcomes
- Intended audience and prerequisites
- Detailed outline, schedule and presenter allocation
- Demonstrations, hands-on components, tools, datasets or standards
- Presenter names, affiliations, contacts and biographies
- Evidence of expertise and prior tutorial/training experience
- Plans for participant engagement, inclusive delivery and post-tutorial resources

Selection Criteria

Proposals will be peer-reviewed based on:

- Alignment with the symposium theme
- Technical quality, timeliness, originality and IEEE relevance
- Clarity of learning outcomes and audience suitability
- Balance of theory and practice
- Presenter expertise and diversity of perspectives
- Potential to attract participants from academia, industry and government

IMPORTANT DATES

Opening: 15 July 2026

Submission Deadline: 15 October 2026

Notification: 31 October 2026

Presenter Commitment: within 14 days of notification

Final Materials: At least 14 days before the tutorial

Tutorial Program: first week of May 2027

Contact :

Tutorial Chair: Dr. Samiru Gayan, University of Moratuwa
(samirug@uom.lk)

Tutorial Co-Chair: Dr. Sureka Thiruchittampalam,
University of Moratuwa (surekat@uom.lk)

Tutorial Co-Chair: Dr. Thilini Mahanama, University of
Kelaniya (thilininim@kln.ac.lk)
